* OTR has no student man-year data which would elaborate on the 14,574 students, except "student day" data in support of OTR's having trained its 7,104 students. In other words without going to the Components (each office and directorate conducting training), it would be impossible to get a complete picture. The 14,574 students includes each individual on OTR, whether or not otherwise trained.
